

How to Register

A small registration fee of just \$25 is needed to enroll in Project ENRICH. It is easy. Just go to our web site and fill out the form and press the button to “submit” your form.

We just need a few pieces of information to obtain contact infor-

mation and to help ascertain your child's goals and needs upon enrolling in Project ENRICH. If you are a rising ninth-grader for the upcoming academic year or are a returning Project ENRICH student (*sophomore, junior or senior*), you are eligible to register. Do it now!

"It must be borne in mind that the tragedy of life does not lie in not reaching your goal. The tragedy of life lies in having no goal to reach."

Benjamin E. Mays

Willie Hines, Director

"As a parent, I understand the concerns and I know the importance of our youth being prepared for college and for the future. Project ENRICH meets those needs very well."

About the program

Our award-winning **Project ENRICH** program recruits, interviews, and mentors young men and women from the 9th through 12th grades to prepare them for college. Our college preparatory curriculum is designed to expose students to industry professionals, college professors, student advisors, and graduates of Project ENRICH that will aid them in meeting their educational and financial needs towards obtaining an undergraduate degree.

The Men of Omega Psi Phi Fraternity, Inc. uphold Scholarship as a funda-

Preparing young minds

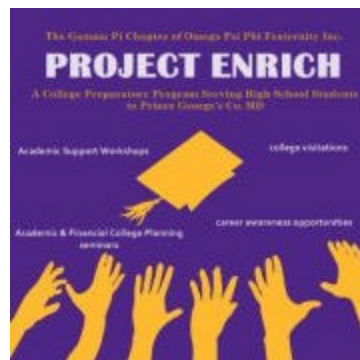

mental principle necessary for achieving success in life. **Project ENRICH** is the vehicle by which we connect with the youth in Prince George's County, Maryland to promote and provide opportunities that will help to prepare them to seek and obtain a college degree; and encourage our youth to always pursue a life of excellence through Scholarship.

Each year **Project ENRICH** in association with Omega Psi Phi Fraternity, Inc.'s Gamma Pi Chapter and the Charles R. Drew Memorial

Scholarship Fund (CDMSF) Program sponsors and awards more than \$20,000 in scholarships to students entering and returning to college. The scholarship is open to all graduating high school seniors or continuing higher education students residing in or attending a high school in Prince George's County.

BENEFITS

Preparing for college can be a daunting task. Furthermore, entering college and experiencing it as a freshman can be overwhelming. How do you know if you are taking the right courses? How do you identify and shore up your academic and personal weaknesses? How do you learn about and take advantage of scholarship and financial aid information? All

of these and many more questions and challenges confront students today. And for minority students, the questions are even more extensive. Project ENRICH brings in experts throughout the

academic year to address these issues for students and their families.

Students in the program will meet others from across the county and those experiences will enrich their

high school years and help them learn how to meet new friends, which will be important in college. Also, students can share information and knowledge with their peers. **Project ENRICH** is about growing together.

HISTORY

Project ENRICH began operating in the District of Columbia Public Schools in 1982. In 1985, the Project expanded its operations to Prince George's County, Maryland under the sponsorship of the Gamma Pi Chapter of Omega Psi Phi Fraternity, Inc., to continue its efforts of helping students prepare themselves for rewarding college experiences. Longtime Director Brother Roland Byrd, a college educator, is credited with reviving and upgrading the program in recent years. He retired from the post after the 2009-10 academic year. Brother Hines became director in 2011-12.
